## **LATA/Parallax Asks Motorists to Drive with Caution on Plant Perimeter Road Due to Stadium Lighting**

**PIKETON, OHIO (February 9, 2010)** – LATA/Parallax Portsmouth, LLC has installed stadium lighting for use at the accelerated cleanup projects underway on the east side of the Portsmouth Gaseous Diffusion Plant to provide additional safety lighting during evening and early morning work hours. LATA/Parallax is the environmental remediation contractor to the U.S. Department of Energy and is conducting a number of construction projects under the American Recovery and Reinvestment Act.

This lighting is very visible to the public and motorists at the intersection of the East Access Road and the plant's Perimeter Road. Motorists traveling from the East Access Road and Fog Road to turn south onto Perimeter Road at the plant, as well as those traveling north on Perimeter Road from the southern portion of the plant site to turn east onto the East Access Road, should be aware of the bright lights in this area.

Motorists are asked to use extreme caution when traveling in this vicinity. Drivers should take additional time to ensure that all oncoming traffic has passed before proceeding through the intersection.

Safety of the workers and the public is of utmost importance to LATA/Parallax. All motorists are urged to drive slowly, wear safety belts, and take all necessary safety precautions.

Any questions may be directed to the LATA/Parallax Public Affairs Office at (740) 897-2336.
